

Meet Salure

Smarter HR & payroll,
empowered workplaces.

Progress **smarter together** **Salure**

Work smarter, gain control, and enjoy more productivity

The world of HR and payroll is evolving rapidly. New technologies, complex regulations, and growing employee expectations require smart solutions.

Yet, 73% of organizations struggle with inefficient processes, and payroll errors can account for 1% to 8% of total payroll costs. This can be improved.

Salure helps organizations optimize their HR and payroll processes, enhance job satisfaction, and share valuable knowledge. Whether through smart integrations, AFAS HRM & Payroll optimization, or payroll outsourcing, we provide control, insight, and continuity.

Reduce errors, gain better control, and keep your HR operations running smoothly. Discover how Salure can support your organization.

Our mission & vision

At Salure, your success is our mission. We help organizations grow into top-tier employers.

Our core values—curiosity, enthusiasm, perseverance, and care for others—define our approach. With a team of 120+ dedicated professionals, we support your organization with tailored software and services to ensure flawless HR and payroll processes and high-performing teams.

Together, we build a future where your organization thrives.

CLIENT STORY

Why Essent chose Salure

“

By partnering with Salure and implementing an advanced HR system, we improve every day. This results in increased satisfaction and greater autonomy for our employees, who now have more control over their work.”

– Frank Vos, HR Operations Coordinator at Essent

essent

Essent partnered with Salure to elevate its HR and payroll processes. By combining innovative technology with Salure’s expertise, they created a solid foundation for efficiency and improved employee satisfaction.

What we do for your organization

At Salure, we make HR and payroll processes smarter, more efficient, and less error-prone. Whether you need payroll outsourcing, HR process optimization, or intelligent integrations, we help you stay in control and grow as an employer.

Payroll outsourcing

Less hassle, more security. We take care of your payroll administration, ensuring compliance with the four-eyes principle and ISAE certification. We also manage international payroll, guaranteeing seamless and compliant processing worldwide.

AFAS consultancy & functional management

Maximize the potential of your HR and payroll system. Our experts help implement, optimize, and manage AFAS software, ensuring it seamlessly fits your processes and stays up to date with the latest developments.

Smart Integrations with BrynQ

Save time and eliminate errors with intelligent automation. Our BrynQ integration platform seamlessly connects AFAS with other systems, keeping data synchronized and eliminating duplicate work.

International AFAS solutions

Expand globally with confidence using AFAS. From international payroll to HR processes that comply with local regulations—we optimize your AFAS system to ensure seamless operations, clear insights, and full control wherever your business grows.

Why choose Salure?

What sets us apart?

1. Expertise and experience

At Salure, we combine in-depth HR and payroll expertise with advanced system knowledge. While many partners only understand the system, we also master the complexities of laws and regulations. This makes us the go-to partner for efficient and compliant HR and payroll processes.

2. Tailored solutions

Because every organization is unique, we don't just create smart connections between HR and payroll systems—we also design an optimally configured HR ecosystem environment. This ensures seamless system integration, perfectly aligned with your way of working.

3. Long-term partnership

We go beyond implementation by offering continuous support and functional management. With ISAE 3402 Type 1 & 2 and ISO 27001 compliance, you're always working securely and efficiently.

Choosing Salure means choosing a partner that truly helps your organization move forward. Together, we create future-proof solutions. Let's progress smarter together!

With over 15 years of experience as an official AFAS partner, we offer proven expertise in both technical implementation and HR and payroll processes. Our high customer satisfaction score (8.3) and NPS of 37.5 underline the quality of our services.

“
We chose Salure for their expertise in AFAS implementation—not just their technical knowledge, but also their flexibility in global rollouts.”

– Mark van der Heijden, Global Manager HR Systems & Analytics

Increased employee satisfaction at Neways thanks to global HR solution

Neways gained greater control over international HR processes thanks to smart automation and improved reporting. This led to consistent, efficient reporting, saving time and increasing employee and manager satisfaction. Employees easily submit claims and leave requests through the AFAS PocketApp or AFAS InSite, the mobile and online portals for AFAS software. This streamlines processes and enhances the HR experience.

Investing in the future

When you choose Salure, you're not just investing in hassle-free administration—you're investing in a more efficient, secure, and future-proof work environment.

Why do clients choose us?

- **Lower total cost of ownership**

Our solutions reduce costs over time by minimizing errors, inefficiencies, and downtime. You benefit from an ecosystem that works flawlessly from day one.

- **Reduced risks**

Our compliance expertise and certifications ensure your system always meets legal requirements, preventing costly errors and legal risks.

- **High service standards**

Our experts are engaged, knowledgeable, and always available for support. We provide more than just a solution—we build a lasting partnership.

The result? A reliable, efficient solution that enhances your organization every single day.

Contact and next steps

Smarter processes, fewer errors, and full control over your HR and payroll—that's what we deliver at Salure. But how does this work for your organization?

Let's discuss your challenges and goals. During a personal consultation, we'll explore how Salure can support you with smart automation, streamlined processes, and error-free payroll management.
